Continuation Sheet (PTOL-303)

Application No. 08/488,180

Continuation of 5. does NOT place the application in condition for allowance because: Applicant's main argument is that the references does not teach that the product is detectable in a biological fluid. As stated in the previous action, this property is inherent absent objective evidence. Applicant also argues that range in different while the range of the reference is broader than that of applicant's, as indicated by applicant there is some overlap..
